## WARNING

Please lower your monitors and headphones volumes if are high, some presets are designed to work randomly and can harm your equipment if you do not take precautions.

## DESCRIPTION

This is our fourth FREE soundset at ZenSound.

I made Timbral Explorations with the purpose to bring you smooth, nice and original electronica sounds.

This soundset is formed by relaxing and wide atmospheres, warm basses, lush calmly pads, wonderful keys and bells, dynamic and percussive sequences and haunting SFX. Formed by 64 patches of uncompromising quality Timbral Explorations is as useful as any paid soundset from ZenSound.

Timbral Explorations for Zebralette is conceived for ambient electronica and cinematic music.

## LEGAL

This software is royalty free. This means that you can use in it your musical compositions, for more information about conditions and terms please read the EULA License that is in the Docs folder.
